

Szmanda Dental Center's Financial Policies

Our goal is to keep your dental costs down through early intervention. Regular check-ups and cleanings will make it far easier to catch any problems early and therefore contain costs to you.

- **We would like our patients to know that our main concern is their oral health.**
- DO NOT HESITATE to ask about the anticipated cost of your treatment. We want you to understand the costs associated with your care. It is important to us that you feel comfortable and that you have been treated fairly.
- The staff at Szmanda Dental is here to provide you with the best and most appropriate dental treatment. We base what is appropriate on your needs not your insurance benefits. We trust that you are as concerned about your health as we are.
- For any treatment, a portion of the estimated cost may be required when treatment begins. While you may have insurance and we will work with you to secure reimbursement, please remember that you are responsible for the cost of your treatment.
- For patients who carry no dental insurance, we will require payment in full on the day of treatment.
- For your convenience we accept VISA, MasterCard, American Express and Discover.
