

Payment plans

At Szmanda Dental Center we feel financial considerations should not be an obstacle to obtaining dental care. We are sensitive to the fact that people have different needs in fulfilling their financial obligations.

We offer the following different payment options:

- 1) Prepayment – if you choose to pre-pay for services, you receive a discount
- 2) Payment as services are rendered- you pay your bill with cash, check or credit card on the day of service.
- 3) Monthly Payment Plans: Please contact one of our locations to discuss the financing of your dental care. We would be happy to sit down with you to work out a plan that best suits you and your oral health needs.
